

I am disabled and have a great difficulty in dealing with unwanted phonecalls. This Do Not Call(DNC) List has been a blessing. DO NOT WAVER IN HELPING ME CONTROL MY OWN HOME ENVIRONMENT.

The recent Election and associated calls gave me a note of how bad it was without the DNC List. I would wish to make the DNC More Restrictive removing Political and Newspapers etc.. NOT Lessening it.

More the irony in that being disabled I went through bankruptcy and have been blessed by a bank that would work with me.. and two of those on this list supposedly wanting to call me for businnes would not gvie me even the time of day during that time in my life.
